**Describe a big city.**

**Final thought**

**Spend the most time on whatever seems most important!**

## Answer

To be honest, I'm not really a "big city person," but the one that springs to mind is Tokyo, which of course is the capital of Japan. I've actually been there before, but it's so vast that I would love to go back and see more of it and the surrounding areas.

Tokyo is fascinating because it's got a high and diverse city, and, like much of Japan, it is modern almost to the point of being futuristic. It is unlike any other city in the world and even each of its districts has a totally unique feel.

If I went back to Tokyo, I would fly in because I don't live in Japan. There are at least four airports that I know of and from there you can use the huge transit system to get into the middle of the city. Although, actually, Tokyo is so big that maybe it doesn't really have a centre.

In the city itself, there are loads of fascinating places to see, such as the major train and the Shinkansen. There's also Mount Fuji, which would make for an amazing day trip.

Of course, Tokyo is a huge draw for (looking like me!) There probably isn't a city in the world with that quality and diversity of food that you can find in Tokyo. There are also parks with their own interesting characteristics, which are very enjoyable as well.

Anyway, I would love to go back to Tokyo and explore this incredible city further.
