Page 1

Scoring criteria for Academic and General Training tests

A script must fully fit the positive features of the descriptor at a particular level. **Bolded text** indicates negative features that will limit a rating.

Band Score	Task Achievement	Coherence & Cohesion	Lexical Resource	Grammatical Range & Accuracy
6	<p>The response focuses on the requirements of the task and an appropriate format is used.</p> <p>Academic: Key features which are selected are covered and adequately highlighted. A relevant overview is attempted. Information is appropriately selected and supported using figures/data.</p> <p>General Training: All bullet points are covered and adequately highlighted. The purpose is generally clear. There may be minor inconsistencies in tone.</p> <p>Some irrelevant, inappropriate or inaccurate information may occur in areas of detail or when illustrating or extending the main points.</p> <p>Some details may be missing or excessive and further extension or illustration may be needed.</p>	<p>Information and ideas are generally arranged coherently and there is a clear overall progression.</p> <p>Cohesive devices are used to some good effect but cohesion within and/or between sentences may be faulty or mechanical due to misuse, overuse or omission.</p> <p>The use of reference and substitution may lack flexibility or clarity and result in some repetition or error.</p>	<p>The resource is generally adequate and appropriate for the task.</p> <p>The meaning is generally clear in spite of a rather restricted range or a lack of precision in word choice.</p> <p>If the writer is a risk-taker, there will be a wider range of vocabulary used but higher degrees of inaccuracy or inappropriacy.</p> <p>There are some errors in spelling and/or word formation, but these do not impede communication.</p>	<p>A mix of simple and complex sentence forms is used but flexibility is limited.</p> <p>Examples of more complex structures are not marked by the same level of accuracy as in simple structures.</p> <p>Errors in grammar and punctuation occur, but rarely impede communication.</p>
5	<p>The response generally addresses the requirements of the task. The format may be inappropriate in places.</p> <p>Academic: Key features which are selected are not adequately covered. The recounting of detail is mainly mechanical. There may be no data to support the description.</p> <p>General Training: All bullet points are presented but one or more may not be adequately covered. The purpose may be unclear at times. The tone may be variable and sometimes inappropriate.</p> <p>There may be a tendency to focus on details (without referring to the bigger picture).</p> <p>The inclusion of irrelevant, inappropriate or inaccurate material in key areas detracts from the task achievement.</p> <p>There is limited detail when extending and illustrating the main points.</p>	<p>Organisation is evident but is not wholly logical and there may be a lack of overall progression. Nevertheless, there is a sense of underlying coherence to the response.</p> <p>The relationship of ideas can be followed but the sentences are not fluently linked to each other.</p> <p>There may be limited/overuse of cohesive devices with some inaccuracy.</p> <p>The writing may be repetitive due to inadequate and/or inaccurate use of reference and substitution.</p>	<p>The resource is limited but minimally adequate for the task.</p> <p>Simple vocabulary may be used accurately but the range does not permit much variation in expression.</p> <p>There may be frequent lapses in the appropriacy of word choice, and a lack of flexibility is apparent in frequent simplifications and/or repetitions.</p> <p>Errors in spelling and/or word formation may be noticeable and may cause some difficulty for the reader.</p>	<p>The range of structures is limited and rather repetitive.</p> <p>Although complex sentences are attempted, they tend to be faulty, and the greatest accuracy is achieved on simple sentences.</p> <p>Grammatical errors may be frequent and cause some difficulty for the reader.</p> <p>Punctuation may be faulty.</p>
