| Passage Title: | Tier 1 | Tier 2 | Tier 3 |
| Day: Day 1 of Cause and Effect | Genre: | | |

Teaching Focus/Objective: Teaching Focus/Objective: Describe the relationship between a series of historical events, using language that pertains to time, sequence, and cause/effect.

Vocabulary Activity: The teacher will review each of the bold words from the text and discuss the meaning of those words. Then the students will take turns rolling a die and doing the corresponding task on the Vocabulary Dice Card to check for understanding. Repeat this process with all words. If a student isn't able to complete the task, another student can assist.

Before Reading: The teacher will introduce a the short passage to the students by reading the title and showing the students the picture on the passage. The teacher will begin a discussion about cause and effect with the students. When things happen in life, there is an order or sequence to these things. Cause and effect has a lot to do with this order or sequence. Cause and effect means when something happens, it causes another thing to happen.

Example: You fell out of your chair because you leaned back.
Example: You study for a test. It will cause you to get a good grade.

Procedures, timelines, processes, life cycles, and many more things are due to cause and effect relationships.

During Reading: The students will take turns reading aloud to the teacher. The teacher will ask questions such as...

| | |
|---|---|
| What is this text mostly about? | What do you see in the picture? |
| What are some words you are struggling with in this text? | What cause and effect situations can you see? |
| How do you know this text is informational? | What is something you learned from this text? |
