

Work Instruction Template

Introduction

This Work Instruction template is intended to provide a structure for documenting processes or procedures that need to be followed in order to complete a specific task. It is important to have a standardized format for documenting Work Instructions to ensure consistency and clarity in the instructions provided.

Purpose

The purpose of this Work Instruction is to provide step-by-step instructions for completing a specific task or process. This document is intended to be used as a reference guide for individuals who will be performing the task or process outlined in this document.

Scope

This Work Instruction applies to the task or process outlined in this document. It is intended for use by individuals who have been trained to perform the task or process and have a basic understanding of the equipment or tools required.

Responsibilities

The responsibilities associated with completing the task or process outlined in this Work Instruction will be assigned to individuals based on their job function or level of expertise. All individuals responsible for completing the task or process must be trained on the procedures outlined in this document.

Procedure

Step 1: Identify the Task or Process

The first step in creating a Work Instruction is to identify the task or process that needs to be documented. This should include a clear description of the task or process, the purpose of the task or process, and any relevant equipment or tools required.
