This includes learning where your visitors come from and how they interact with your site, or measuring key drivers and conversions, such as which web pages encourage people to react by calling, emailing, or purchasing a product. The benefit of applying this free knowledge, whether you are an advertiser, publisher, or site owner, will help you write better ads, strengthen your marketing initiatives, and create higher converting web pages. It is even more imperative to apply analytics now that online advertising channels have evolved from traditional display and text to mobile video and social networking. If you are to succeed, it is a must, and not an option, to align metrics with business goals, draw actionable conclusions, and articulate metrics and goals to stakeholders. **Google Analytics Kickstarter Guide** Grigor Yovov, 2020-09-03.
