The Behavior Code Companion Jessica Minahan, 2014-12-01 The Behavior Code Companion delivers a helpful inventory of concrete and practical resources for the development and implementation of successful behavior intervention plans for students. Special educator and behavioral analyst Jessica Minahan, coauthor of The Behavior Code, delivers a companion guide for educators and parents who want to better support students with challenging behaviors. Used by countless educators, the FAIR Behavior Intervention Plan has been proven to improve proactive classroom management, encourage positive teacher-student relationships, and reduce the need for school discipline. In this book, Minahan offers a wealth of supplemental materials for each stage of the FAIR Behavior Intervention Plan, which involves determining the function of the behavior, offering appropriate accommodations, implementing proactive intervention strategies, and practicing positive response strategies. Among other invaluable supports, she provides clear and direct exercises for brainstorming and reflection, a series of checklists to help with implementation and monitoring progress, and planning activities and templates that can be customized and put to use immediately. The author also recommends apps and other technology that can assist and simplify plan implementation. Throughout the book, Minahan offers illustrative case studies with a special focus on students with mental health diagnoses and those with anxiety-related or oppositional behaviors. Filled with actionable advice, this highly useful resource gives educators and parents the tools to meet challenging behaviors with both confidence and compassion. This volume will help educators create optimal learning environments for all students.
