Ifrs Guidebook 2014 Edition:

Ifrs Guidebook Steven M. Bragg, 2013-10-01 International Financial Reporting Standards IFRS are the basis for financial reporting The original IFRS documents span thousands of pages and so are difficult to research The IFRS Guidebook solves this problem by condensing the key elements of IFRS into a single volume This book describes each accounting topic how accounting information is to be disclosed and where to look in the IFRS source documents for additional information The text contains hundreds of practical examples that show how to apply IFRS to real world situations as well as sample journal entries and usage tips

International GAAP 2015 Ernst & Young LLP, 2015-02-11 IFRSs the standards set by the International Accounting Standards Board IASB are complex and sometimes obscure Understanding their implications and applying them appropriately requires something special and that is why International GAAP 2015 is the essential tool for anyone applying auditing interpreting regulating studying and teaching international financial reporting It provides expert interpretation and practical guidance for busy professionals and includes in every chapter detailed analysis of how complex financial reporting problems can be resolved appropriately and effectively The International Financial Reporting Group of Ernst Young includes financial reporting specialists from throughout the world Complex technical accounting issues are explained clearly in a practical working context that enables immediate understanding of the point at issue International GAAP 2015 is the only globally focused work on IFRSs It is not constrained by any individual country s legislation or financial reporting regulations and it ensures an international consistency of approach unavailable elsewhere It shows how difficult practical issues should be approached in the complex global world of international financial reporting where IFRSs have become the accepted financial reporting system in more than 100 countries This integrated approach provides a unique level of authoritative material for anyone involved in preparing interpreting or auditing company accounts for regulators academic researchers and for all students of accountancy All aspects of the detailed requirements of IFRS are dealt with on a topic by topic basis Each chapter of International GAAP 2015 deals with a key area of IFRS and has a common structure for ease of use An introduction to the background issues An explanation of relevant principles A clear exposition of the requirements of IFRS A discussion of the implications in practice and possible alternative solutions available Worked examples Extracts from real company accounts A full listing of the required disclosures
