Aging Veterans with Disabilities Arie Rimmerman, 2020-10-15 The number of older war veterans receiving disability benefits is steadily growing and is predicted to rise in the next decade This book provides comprehensive knowledge about health and psychosocial concerns of veterans aging with disabilities and unmet needs and compares policy in three countries that have been involved in massive warfare in the 20th century the United Kingdom UK the United States US and Israel Using a cross national comparative study of the policies legislation and services provided by these three countries which have significant numbers of aging disabled military veterans this book provides evidence based knowledge on the trajectories and attendant mental health and psychosocial problems this sub group faces when aging with a disability It sheds light on the paradox in which most veterans with disabilities in the UK USA and Israel are older while the current legislation and budget target younger veterans with disabilities The book reflects the current debate regarding the desired policy toward older veterans with disabilities in these countries and whether to provide them with proactive health services prior to retirement to prevent accelerated aging It also evaluates the dilemma of whether to serve aging veterans separately as a unique population or to provide them with the same services used by the general population This book will be of interest to all academics and students working in disability studies rehabilitation studies gerontology psychology sociology social work social policy and law more broadly

Tan,2020-12-25 This comprehensive Research Handbook examines the key drivers of the arms trade mapping the main trends in Asia Europe the Middle East Africa and Latin America It also explores the principal defence markets internationally including the US China India Russia and the UK in greater detail Chronicles of the Egyptian Revolution and its Aftermath: 2011-2016 M. Cherif Bassiouni,2017 This book analyses Egypt s 2011 Revolution highlighting the struggle for freedom justice and human dignity in the face of economic and social problems and an on going military regime *HC 527 - The Armed Forces Covenant in Action Part 5: Military Casualties* Great Britain. Parliament. House of Commons. Defence Committee,2014 Although Armed Forces personnel have a lower rate of criminal offending than the general population the rate for violent incidents is substantially higher particularly amongst those who have previously been deployed in combat roles and those who misuse alcohol The MoD needs to understand better the links between deployment alcohol misuse and violent behaviour especially domestic violence In particular there has been no research as to the incidence of domestic violence amongst Armed Forces personnel The Committee also found a shocking backlog in the processing of claims for War Pensions and for the Armed Forces Compensation Scheme The Committee is concerned that the demand for support from the Defence Recovery Capability already exceeds supply Veterans need more support navigating the overlapping bureaucracy of the health system Despite assurances from the MoD and the Department of Health the Committee is concerned that as operations in Afghanistan and Iraq fade from the public s mind and personnel move on to other lives the necessary long term support for those injured physically and psychologically will not be maintained The MoD in conjunction with the Health Service has introduced some measures to support veterans with mental health problems and amputees but other conditions also require this focus The MoD should monitor the results of its work and report the outcomes in its annual report on the Armed Forces Covenant Evolution of the Armed Forces of the United Arab Emirates Athol Yates,2020-12-10 While today the military of the United Arab Emirates is described admiringly as a little Sparta just 60 years ago the only security forces in the Emirates were the armed retainers of the Ruling Sheikhs and a small British led locally raised Arab force Through a combination of direct oversight by rulers investment in its nationals engagement of expatriates and the purchase of cutting edge military hardware the UAE Armed Forces has become arguably the most capable Arab military In the last decade it has also gained considerable experience through its military operations in Afghanistan Libya Iraq Syria and Yemen This book traces the little known history of the country s military from 1951 to 2020 It provides unparalleled detail on the constituent forces that evolved into the UAE Armed Forces in 1976 and how that unified force has evolved to the present It provides essential background information on how the country s geography demographics and political system have shaped its military the enduring roles of the military and the history of each military service It also details the political and command structure governing the military and its manpower and materiel characteristics The book concludes with an explanation of how the UAE has been able to develop such a highly capable military for its size in a relatively short period of time
