A note from the publisher

In order to provide our students with high quality resources for their science and science qualifications, we have brought a team of science teachers working together to develop a revision resource for the specification of GCSE (9–1) Combined Science. It is aimed to help students to be prepared for an enjoyable and successful experience for the development of subject skills, knowledge and understanding in science and preparation for progression to further study.

Our resources have been developed in consultation with subject specialists in schools and colleges and are designed to provide a revision resource for students to use in their own time. It is not intended to be used as a replacement for the teaching or delivery of a course of study.

We and our authors have made every attempt to ensure that errors in this specification are corrected.
