Education for Sustainable Development ESD and learning in schools in Africa It explores the conditions and processes that
support such learning and examines how ESD in schooling can improve the quality and relevance of education The quality of
education has been defined internationally as a key concern for educational institutions around the world including schools in
Africa The models of quality are often limited to performance based approaches and or inclusive approaches The
contributions in this book show that there is more to a discussion on educational quality in Africa than performance success
and or inclusion The chapters explain how ESD brings a new relevance to education in Africa and at the same time sounds
the beginning of a new concept of quality education The volume presents a collection of experiences in creating and
supporting quality learning processes through a variety of ESD practices Summer Session General Announcement Iowa
