CFA Program Curriculum: Financial statement analysis, 2008 **Financial Statement Analysis** Leonard C.
Soffer, Robin J. Soffer, 2003 For undergraduate graduate courses in Financial Statement Analysis and Valuation This text
combines finance accounting and business strategy theory with enough real accounting information to teach students how to
actually use financial statement data in valuation and analysis as well as understand the corporate finance theory behind it
Financial Statement Analysis Thomas R. Robinson, Paul Munter, Julia Grant, 2004 Robinson Munter and Grant s Financial
Statement Analysis A Global Perspective is designed especially for users of financial statements Takes a financial statement
analysis perspective The focus is on the user of financial statements and not the preparer of financial statements The
emphasis is on the analysis and use of financial reports Knowledge of debits and credits is not required Emphasizes a global
perspective by presenting both International Accounting Standards and U S GAAP Uses a step by step presentation to take
students through the financial statement analysis process from understanding the financial statements to valuation Motorola
and Nokia are used as running case examples throughout the text Additional real world examples are integrated into each
chapter as appropriate Assignment Materials Many of the end of chapter problems have been reproduced from AIMR CFA R
examination released questions and sample examinations Each chapter has a case derived from real company financial
statements that can be used for class discussion or student projects Solutions manual to accompany Cases in financial
statement reporting and analysis Leopold A. Bernstein, **Solutions Manual to Accompany Accounting Principles** Jerry
J. Weygandt, 2000 **Financial Statement Analysis** John J. Wild, Leopold A. Bernstein, K. R. Subramanyam, Robert F.
Halsey, 2004 Financial Reporting and Statement Analysis Clyde P. Stickney, 1996 For the undergraduate or MBA course
in Financial Statement Analysis offered by accounting finance and economics departments This text takes a strategic
approach to financial statement analysis Not only will students apply accounting principles and procedures but they will

understand the economic conditions of a firm and the firm's particular strategies to compete in each of its businesses. This approach elevates the course from one of mechanical calculations to one that integrates concepts from economics, business strategy, accounting, and other business disciplines. This synthesizing experience rewards students both intellectually and practically.

International Financial Statement Analysis Thomas R. Robinson, 2020-02-05. Better analysis for more accurate international financial valuation. *International Financial Statement Analysis* 4th Edition provides the most up-to-date detail for the successful assessment of company performance and financial position regardless of country of origin. The seasoned experts at the CFA Institute offer readers a rich, clear reference covering all aspects from financial reporting mechanics and standards to understanding income and balance sheets. Comprehensive guidance toward effective analysis techniques helps readers make real-world use of the knowledge presented with this new third edition containing the most current standards and methods for the post-crisis world. Coverage includes the complete statement analysis process plus information on income tax accounting, employee compensation, and the impact of foreign exchange rates on the statements of multinational corporations.
