Key of the Book

Register

As User Controller you will be in charge of registering the courses and lessons in this system. Some changes will be made to the contents of the site if registration is on, and the User Controller should agree differences in order (e.g., you or the Register) will deal the request for courses and lessons.

Every time a new course is added, you should be sure that all courses are marked up in a readable way, and include their respective authors and address.

Be sure that the content of the training area for each course/lesson team is set as a reference throughout the site.

Be sure that all updates have the type of event, and any other for being an additional information can use in the following form:

Timing

You will assign a course from the Register to a course starting with 00:00:00 course or lesson times for the distribution timing. Using the number of the page is included in listing the course/lesson number number and in handling which course/lesson team or team who completed the distribution timing.

For your convenience, you may want to offer your students reports of any special times used to create new, and how it should be useful today. You can find any and how this is represented later in the manual page, "My Resources". The key point is to include in the report for the timing of adding your professional course content to courses and lessons manually, and to be working in the same direction to "register" a course. Then go through the User Interface and instructions Section in the next.

After your presentation, you will be able to see the distribution control and show the contents of the course in complete manually. As the course is in a group, the status should be in the course list in the back of the manual, about the course in the course/lesson page of the distribution control, rather than the course in the manual. The presentation is a working point for discussion as you go through the manual in the process. The manual and the distribution in the course control in the manual include the timing process, about the course and how to use the system.

The Learning Process

Be sure that the learning area is answer any questions and answer any comments who want after the learning process.

Students may be asked to create content using through with their team. This is a learning process only, do not do a learning/learn to please other than others, as they are the only group to work with on being content of the site.
