My Status At Turfloop:

Turfloop a Conscious Pariah Chris Kanyane Kanyane,2010-01-06 This book provides reflections on the butterfly effect on how Turfloop brought in the Age of Barack Obama What is the Age of Barack Obama To paraphrase Dr Ineke Van Kessel a prominent historian at the Leiden University in the Netherlands The University of the North also known as Turfloop played a vital role as the center of communication coordination ideological direction the engine of bringing the new South Africa was University of the North We approached this book like detectives Fortunately in our detective work we were not concerned with a particular agenda we were not trying to prove that a certain method of thinking was right or wrong We didnt want this book to be filled with personal opinions and biases We wanted this book to be juice and accessible to every person who reads it in whatever corner of the world We have to back up our story with facts of course and get other people to do practical analysis and later we added our own perspectives When we completed writing this book we passed it around amongst critical people spread across the globe Most of them said that the book is somehow highbrow and at the same time all together lowbrow which came as a compliment A lot of people are somewhere in between We want this book to embody that because there are many people there we want them to appreciate this book

Religion and AIDS Treatment in Africa Hansjörg Dilger,Thera Rasing,2016-04-08 This book critically interrogates emerging interconnections between religion and biomedicine in Africa in the era of antiretroviral treatment for AIDS Highlighting the complex relationships between religious ideologies practices and organizations on the one hand and biomedical treatment programmes and the scientific languages and public health institutions that sustain them on the other this anthology charts largely uncovered terrain in the social science study of the Aids epidemic Spanning different regions of Africa the authors offer unique access to issues at the interface of religion and medical humanitarianism and the manifold therapeutic traditions religious practices and moralities as they co evolve in situations of AIDS treatment This book also sheds new light on how religious spaces are formed in response to the dilemmas people face with the introduction of life prolonging treatment programmes

The Road to Justice: The Bible and the law as cornerstones of civilisation and culture Eltjo JH Schrage,Jan Adriaan van der Walt,Glynis van der Walt,Hashali Hamukuaya,2023-10-24 The relationship between art Christian culture and the law often receives attention It is trite that law influences all human lives as well as culture and art The law however does not only provide a context within which art and culture can develop but it is also the cornerstone of civilisation and culture On the other hand we must contemplate whether civilisation and culture are necessary conditions for a legal system This book consists of a compilation of essays narrating the influence of principles from the Bible on which the Christian belief is premised and practised by Christians worldwide on law and on culture Consideration is given to the foundation of the law on different and well known Biblical texts The interplay between Christian principles vis vis the law and culture is considered and unpacked in this research In addition copies of well known art depicting scenes from the Bible enhance each chapter The main author the late
