Embargoed Science Vincent Kiernan,2006-09-11 Explains the process behind science news an elite few scholarly journals control press coverage through a mechanism known as an embargo This work surveys 25 daily US newspapers and relates interviews with reporters to examine the inner workings of the embargo and how it structures our understanding of news about science

The End of the Innocence Lawrence R. Samuel,2007-10-01 From April 1964 to October 1965 some 52 million people from around the world flocked to the New York World s Fair an experience that lives on in the memory of many individuals and in America s collective consciousness Taking a perceptive look back at the last of the great world s fairs Samuel offers a vivid portrait of this seminal event and of the cultural climate that surrounded it He also counters critics assessments of the fair as the ugly duckling of global expositions Opening five months after President Kennedy s assassination the fair allowed millions to celebrate international fellowship while the conflict in Vietnam came to a boil This event was perhaps the last time so many from so far could gather to praise harmony while ignoring cruel realities on such a gargantuan scale This world s fair glorified the postwar American dream of limitless optimism even as a counterculture of sex drugs and rock n roll came into being It could rightly be called the last gasp of that dream The End of the Innocence Samuel s work charts the fair from inception in 1959 to demolition in 1966 and provides a broad overview of the social and cultural dynamics that led to the birth of the event It also traces thematic aspects of the fair with its focus on science technology and the world of the future Accessible entertaining and informative the book is richly illustrated with contemporary photographs
