Hauser, 2013-08-03 Blake Hughes was comfortable being in the closet especially at work surrounded by macho firemen. A paramedic still single at thirty Blake kept his private life just that private. Hunter Rasmussen had transferred to LAFD from San Diego. Twenty six powerful and fit the handsome blue eyed brunette just wanted to leave the past behind. No one had to know what he went through down south. And he didn't need history to repeat itself. Being out was not a good career move for all jobs and particularly not with the fire service. When Hunter and Blake were assigned to the same shift pattern they quickly became best friends. Partnered up on calls hanging out together on days off Hunter enjoyed Blake's company and Blake his. Until something or someone from Hunter's ugly past begins to cause him problems. In the fire department men rely on each other for their lives. Two go into a burning building and two stay out to serve as their rescue team in case of emergency. Blake and Hunter were two men deeply in the closet. And only with devotion and love would their secret lives come out. And Hunter and Blake find that courage in a very unusual place. Two devoted LAPD cops help show them the way. Two in two out it helps when someone is there to throw you a lifeline. Magic Burning Kaje Harper, 2023-07-19 Alan I haven't been out with a guy in the last two years. Partly because I'm a gay elementary school teacher in a fairly small conservative town. Partly because I'm a sorcerer and dating ordinary humans only leads to trouble. Sleeping with one though that's doable so when my birdbrained familiar Sunny lines up a tall muscular firefighter for me I'm not going to say no. Just once though. Maybe twice. I don't need more trouble in my life. Jason I don't regret moving back to my hometown and my big family. Well not much. I'm not out to them and I miss the anonymity of the big city but I like the local fire house and the slower paced life. Still when I see my niece's teacher Mr Hiranchai in gray sweatpants talking to a mini parrot on his shoulder something inside me or maybe something in front of me perks up and says I want that one. I can't have an actual boyfriend but I sure wouldn't mind getting laid and Alan's slim dark haired smart assed style rings all my bells. It's no surprise we turn out to be great together even if my job and his responsibilities make it hard to find time. It is a surprise when I realize I want more than just an occasional night. But some weird fires out in the brush keep us firefighters hopping and when this strange carnival comes to town and lands me with a pair of magical doll shoes life gets truly confusing. There's more to Alan than he's telling me and I'm getting a bad bad feeling about all this. Magic Burning is a story in the *Necromancer* universe 60 years after *Marked by Death* and is part of the multi author *Carnival of Mysteries* Series. Each book stands alone but each one includes at least one visit to *Errante Ame's Carnival of Mysteries* a magical multiverse traveling show full of unusual acts games and rides. The Carnival changes to suit the world.

it's on so each visit is unique and special This book contains a snarky matchmaking bird a lonely young teacher and a gay firefighter finally coming out to his large family
