

Essay on My Favourite Game

The Significance of Games in Student Life

Games are essential for a student's **overall development**. They keep the body fit and the mind fresh. In today's digital world, where children are often glued to screens, physical games promote **health, energy, and focus**. Games also teach responsibility, discipline, and how to deal with success or failure.

Personal Connection with the Game

Among many sports, cricket is the game I connect with the most. My first memory of cricket is playing in my backyard with my cousins. Over the years, my interest grew as I watched national matches and began to follow famous players. The joy I feel while playing cricket makes it more than just a game for me—it feels like a part of my life.

Rules and Format of Cricket

Cricket is a team sport played between two sides of eleven players. The game is played with a bat and a ball, and the objective is to score more runs than the opposing team. Formats include Test matches (played over five days), One Day Internationals (50 overs per side), and T20s (20 overs per side). Each format brings unique strategies and excitement.

My Favourite Role in the Team

While all roles in cricket are exciting, I enjoy batting the most. The challenge of facing a fast bowler, calculating the shot, and scoring runs is thrilling. Batting improves **hand-eye coordination**, confidence, and decision-making. Every time I hold the bat, I feel both nervous and excited—ready to give my best for the team.
