Independent Vision Miriam Ascarelli, 2010 Mention the words Seeing Eye and most people will associate them with guide dogs for the blind and partially sighted Mention the name Dorothy Harrison Eustis and most people will not recognize it even though she is the woman responsible for founding The Seeing Eye the first guide dog school in the United States Since its inception eighty years ago

The Seeing Eye has trained thousands of people who are visually impaired to use guide dogs. The success of the program has spawned guide dog schools across the country and around the world and the concept has been further expanded to include service dogs for people with other kinds of disabilities. Drawing on correspondence, private papers, and newspaper accounts of the day, Miriam Ascarelli chronicles the life of Dorothy Harrison Eustis, revealing both a driven woman and a very private person who shunned media coverage of herself but actively courted it for her organization.

An Introduction to Human-Animal Relationships Clive R. Hollin, 2021-05-09 An Introduction to Human Animal Relationships is a comprehensive introduction to the field of human animal interaction from a psychological perspective across a wide range of themes. Hollin examines the topic of the relationships between humans and animals as seen in owning a companion animal alongside more indirect relationships such as our approaches to eating meat. The core issues under discussion include the moral and ethical issues raised in using animals for entertainment, in therapy to keep us safe, and in sports such as horse racing. The justifications for hunting and killing animals as sport and using animals in scientific experimentation are considered. The closing chapter looks to the future and considers how conservation and climate change may influence human animal relationships. This key text brings an important perspective to the field of human animal studies and will be useful to students and scholars in the fields of psychology, sociology, animal welfare, anthrozoology, veterinary science, and zoology.

Have Dog, Will Travel Stephen Kuusisto, 2019-03-19 In a lyrical love letter to guide dogs everywhere, a blind poet shares his delightful story of how a guide dog changed his life and helped him discover a newfound appreciation for travel and independence. Stephen Kuusisto was born legally blind but he was also raised in the 1950s and taught to deny his blindness in order to pass as sighted. Stephen attended public school, rode a bike, and read books pressed right up against his nose. As an adult, he coped with his limited vision by becoming a professor in a small college town, memorizing routes for all of the places he needed to be. Then, at the age of thirty-eight, he was laid off. With no other job opportunities in his vicinity, he would have to travel to find work. This is how he found himself at Guiding Eyes, paired with a Labrador named Corky. In this vivid and lyrical memoir, Stephen Kuusisto recounts how an incredible partnership with a guide dog changed his life and the heart-stopping, wondrous adventure that began for him in midlife. Profound and deeply moving, this is a spiritual journey, the story of discovering that life with a guide dog is both a method and a state of mind.
