Attention Grabbing Tools Jane Baskwill, 2012-12 It is widely accepted that when home and school work together children's learning improves. Although this fact is readily acknowledged, communication between school and home is still often one-sided and remains a struggle for many teachers. This book explores a wide range of tools, take-home information, and materials, parent conferences, learning nights, and digital and social media for teachers to use in establishing and maintaining the parent-teacher relationship, one that holds the child at the center of all education decisions.

**Toward Culturally Sustaining Teaching** Kindel Turner Nash, Crystal Polite Glover, Bilal Polson, 2020-07-16 Demonstrating equitable practices and strategies that move toward culturally sustaining teaching, such as translanguaging, explorations of children's literature, alternative modes of literacy assessment, photography, and arts integration, student-driven poetry units, and more, this book shares the stories of four teacher-teacher dyads who worked together across university school contexts to study, generate, and evaluate culturally relevant and sustaining literacy practices in early childhood classrooms across the country. Highlighting the voices and roles of children, families, community members, and teachers of Color, this book suggests new ways for all teachers to build and sustain relationships that are relevant and work toward being sustaining and anticipatory, and offers solutions for challenges that arise in these contexts. Insightful and instructive, the narratives in this collection model how to create positive and mutually beneficial dynamics among teachers, children, and their families and communities. This book offers a timely resource for pre-service teachers, teachers, scholars, faculty, and graduate students in language and literacy education, early childhood education, and culturally relevant, responsive, and sustaining teaching.
