Marriage And Morals:

Marriage and Morals Bertrand Russell, 2009 *Marriage and Morals* is a compelling cross cultural examination of individual familial and societal attitudes towards sex and marriage By exploring the codes by which we live our sexual lives and conventional morality Russell daringly sets out a new morality shaped and influenced by dramatic changes in society such as the emancipation of women and the wide spread use of contraceptives From the origin of marriage to the influence of religion Russell explores the changing role of marriage and codes of sexual ethics The influence of this great work has turned it into a worthy classic

Muhammad Rizvi - XKP, 2015-11-06 This book is the result of a need which I sensed after my first three years in Canada A

person in my position as a religious guide is always confronted by people with questions related to their religious and

personal problems Unlike the atmosphere in the East where the contact is more on a personal level the contact in this part of

the world is more through correspondence and telephone calls I soon realized that whenever the question was embarrassing

or related to sexual behavior the caller would prefer not to give his or her name And of course I had no reason to insist on

knowing the identity of the callers my only duty is to listen and convey the Islamic view to those who seek However what was

most interesting about these embarrassing questions was that in majority of cases the callers were feeling guilty for actions

that were absolutely permissible in Islam But because of their ignorance or misinformation they had been feeling guilty for

things which were not at all forbidden in the Islamic shari ah And I said to myself There must be many more people out there

who are going through similar experience feeling guilty and depressed and all this because of ignorance Not all have the

courage to talk on such issues or even call without revealing their identity And so I decided that I have to do something This

book is one of the many Islamic publications distributed by Ahlulbayt Organization throughout the world in different

languages with the aim of conveying the message of Islam to the people of the world Ahlulbayt Organization www.shia.es is a

registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around
