Art and Agency Alfred Gell, 1998 In *Art and Agency* Alfred Gell formulates an anthropological theory of visual art that focuses on the social context of art production circulation and reception As a theory of the nexus of social relations involving works of art this work suggests that in certain contexts art objects substitute for persons and thus mediate social agency Diversely illustrated and based on European Polynesian Melanesian and Australian sources *Art and Agency* was completed just before Gell's death at the age of fifty one in January 1997 It embodies the intellectual bravura lively wit vigor and erudition for which he was admired and will stand as an enduring testament to one of the most gifted anthropologists of his generation
