Susan Moller Okin

Is Multiculturalism Bad For Women:

Is Multiculturalism Bad for Women? Susan Moller Okin, 1999-08-09 Polygamy forced marriage female genital mutilation punishing women for being raped differential access for men and women to health care and education unequal rights of ownership assembly and political participation unequal vulnerability to violence These practices and conditions are standard in some parts of the world Do demands for multiculturalism and certain minority group rights in particular make them more likely to continue and to spread to liberal democracies Are there fundamental conflicts between our commitment to gender equity and our increasing desire to respect the customs of minority cultures or religions In this book the eminent feminist Susan Moller Okin and fifteen of the world's leading thinkers about feminism and multiculturalism explore these unsettling questions in a provocative passionate and illuminating debate Okin opens by arguing that some group rights can in fact endanger women She points for example to the French government's giving thousands of male immigrants special permission to bring multiple wives into the country despite French laws against polygamy and the wives own bitter opposition to the practice Okin argues that if we agree that women should not be disadvantaged because of their sex we should not accept group rights that permit oppressive practices on the grounds that they are fundamental to minority cultures whose existence may otherwise be threatened In reply some respondents reject Okin's position outright contending that her views are rooted in a moral universalism that is blind to cultural difference Others quarrel with Okin's focus on gender or argue that we should be careful about which group rights we permit but not reject the category of group rights altogether Okin concludes with a rebuttal clarifying adjusting and extending her original position These incisive and accessible essays expanded from their original publication in Boston Review and including four new contributions are indispensable reading for anyone interested in one of the most contentious social and political issues today The diverse contributors in addition to Okin are Azizah al Hibri Abdullahi An Na'im Homi Bhabha Sander Gilman Janet Halley Bonnie Honig Will Kymlicka Martha Nussbaum Bhikhu Parekh Katha Pollitt Robert Post Joseph Raz Saskia Sassen Cass Sunstein and Yael Tamir

Autonomy, Gender, Politics Marilyn Friedman, 2003-01-09 Women have historically been prevented from living autonomously by systematic injustice subordination and oppression The lingering effects of these practices have prompted many feminists to view autonomy with suspicion Here Marilyn Friedman defends the ideal of feminist autonomy In her eyes behavior is autonomous if it accords with the wants cares values or commitments that the actor has reaffirmed and is able to sustain in the face of opposition By her account autonomy is socially grounded yet also individualizing and sometimes socially disruptive qualities that can be ultimately advantageous for women Friedman applies the concept of autonomy to domains of special interest to women She defends the importance of autonomy in romantic love considers how social institutions should respond to women who choose to remain in abusive relationships and argues that liberal societies should tolerate minority cultural practices that violate women's rights so long as the women in question have chosen

autonomously to live according to those practices

Women's Studies for the Future Elizabeth Lapovsky

Kennedy, Agatha Beins, 2005 Established as an academic field in the 1970s women's studies is a relatively young but rapidly growing area of study. Not only has the number of scholars working in this subject expanded exponentially but women's studies has become institutionalized, offering graduate degrees and taking on departmental status in many colleges and universities. At the same time, this field, formed in the wake of the feminist movement, is finding itself in a precarious position in what is now often called a post-feminist society. This raises challenging issues for faculty, students, and administrators. How must the field adjust its goals and methods to continue to affect change in the future? Bringing together essays by newcomers as well as veterans to the field, this essential volume addresses timely questions including: Without a unitary understanding of the subject, woman, what is the focus of women's studies? How can women's studies fulfill the promise of interdisciplinarity? What is the continuing place of activism in women's studies? What are the best ways to think about, teach, and act upon the intersections of race, class, gender, disability, nation, and sexuality? Offering innovative models for research and teaching and compelling new directions for action, *Women's Studies for the Future* ensures the continued relevance and influence of this developing field.

Challenging Identities

Shahram Akbarzadeh, 2010 Muslim women in Australia are at the forefront of a culture war and not necessarily by choice. As visible representatives of Islam, veiled women face discrimination and abuse and carry the stigma of a culture frequently deemed unacceptable and inferior. Despite these adverse conditions, Muslim women have demonstrated a remarkable resilience by maintaining their presence in the public domain and by continuing to make a positive contribution to Australia. The experiences of Muslim women in Australia cannot be typecast as a sisterhood of oppressed females. *Challenging Identities* questions the assumption of incompatible Australian values and Islamic values and provides valuable first-person accounts from the lives of Muslim women in Australia. Publisher description

Engaging

Cultural Differences

Richard A. Shweder, Martha Minow, Hazel Rose Markus, 2002-06-27 Liberal democracies are based on principles of inclusion and tolerance. But how does the principle of tolerance work in practice in countries such as Germany, France, India, South Africa, and the United States, where an increasingly wide range of cultural groups holds often contradictory beliefs about appropriate social and family life practices? As these democracies expand to include peoples of vastly different cultural backgrounds, the limits of tolerance are being tested as never before. *Engaging Cultural Differences* explores how liberal democracies respond socially and legally to differences in the cultural and religious practices of their minority groups. Building on such examples, the contributors examine the role of tolerance in practical encounters between state officials and immigrants and between members of longstanding majority groups and increasing numbers of minority groups. The volume also considers the theoretical implications of expanding the realm of tolerance. Some contributors are reluctant to broaden the scope of tolerance, while others insist that the notion of tolerance is itself potentially confining and demeaning and that modern nations should aspire to celebrate cultural differences. Coming to terms with ethnic diversity and

cultural differences has become a major public policy concern in contemporary liberal democracies as they struggle to adjust to burgeoning immigrant populations Engaging Cultural Differences provides a compelling examination of the challenges of multiculturalism and reveals a deep understanding of the challenges democracies face as they seek to accommodate their citizens diverse beliefs and practices

Kierkegaard and Political Theology Roberto Sirvent, Silas Morgan, 2018-03-06 The nature of Kierkegaard's political legacy is complicated by the religious character of his writings Exploring Kierkegaard's relevancy for this political theological moment this volume offers trans disciplinary and multi religious perspectives on Kierkegaard studies and political theology Privileging contemporary philosophical and political theological work that is based on Kierkegaard this volume is an indispensable resource for Kierkegaard scholars theologians philosophers of religion ethicists and critical researchers in religion looking to make sense of current debates in the field While this volume shows that Kierkegaard's theological legacy is a thoroughly political one we are left with a series of open questions as to what a Kierkegaardian interjection into contemporary political theology might look like And so like Kierkegaard's writings this collection of essays is an argument with itself and as such will leave readers both edified and scratching their heads for all the right reasons

Is Multiculturalism Bad for Women? Jennifer Swanston, 2009

Gender, Culture and Human Rights Siobhán Mullally, 2006-05-26 This book argues that feminism should reclaim the universal and reconstruct the theory and practice of human rights

Diversity as Strategic Opportunity Anna Simonati, 2024-02-29 This book explores the principle of equality emphasizing both protection against discrimination and the promotion of diversity It provides a multidisciplinary overview of methods and tools used by administrations to address practical diversity challenges

Gender and Law Katharine T. Bartlett, Angela P. Harris, Deborah L. Rhode, 2002 A law school textbook containing case law and commentary by feminist legal scholars Compiled by Bartlett Duke U School of Law Harris U of California at Berkeley School of Law and Rhode Stanford Law School the text rejects the notion that women's issues can be separated from the general consideration of the implicit assumptions of legal

How to Conquer the Barriers to Intercultural Dialogue Christiane Timmerman, Barbara Segaert, 2005 In a world society ruled by economic globalisation by political interests and theories such as Huntington's clash of civilisations that widen the gap between the North and the South the question should be asked of the role of the religion To what extent religion and politics can work together Can faith still be thought as a mean of saving the world Considering that Christianity Islam and Judaism have much in common this collection of miscellanies wonders if these religions can join their forces for public benefit Senior and junior scholars from all over the world gathered for an interdisciplinary seminar analyse the contemporary international relationships and geopolitics through the prism of religion discussing whether it can provide practical solutions to solve conflicts and increase the respect of human rights

Women and Religion: Feminist effects Pamela Edith Klassen, Shari Golberg, Danielle Lefebvre, 2009 This collection is an essential research tool for all students specializing in religion and women's studies and is equally useful to those working in related

fields such as anthropology cultural studies history literary studies philosophy political science psychology and theology By tracing the evolution of the topic from the beginnings of feminist research on religion to more contemporary debates about categorizations of gender in the study of religion this four volume collection serves the needs of both specialist and generalist users Women and Religion includes essays treating a broad range of religious traditions while focusing on particular methodological and theoretical concerns common to the study of women and religion Organized thematically each volume includes the most formative theoretical contributions to the field grouped together with articles that explore a particular set of issues from a range of traditions with the use of methodologies drawn from anthropology history sociology textual criticism and religious studies Each volume s introductory essay explicitly problematizes the central categories of analysis operating in the study of women and religion for example women gender religion body science and colonialism while also setting the articles in their historical context

Religious Identity and Political Destiny Deepa S. Reddy, 2006 Religious Identity and Political Destiny Hindutva in the Culture of Ethnicism is an ethnography of a contentious ongoing debate about the place of religion in Indian civic life Exploring Hindu nationalism from the varied perspectives of its critics in women s activist and Left intellectual circles as well as its ideologues supporters and sympathizers Deepa Reddy locates Hindutva in a broader culture of critique where identity movements of all kinds compete for recognition representation and rights Her narrative poses two central questions How does religion order the modern social world and How does secular practice order the modern religious world Both are directed at reading Hindu ethnicism not as a pathology of modernity or a form of extremism itself but as a part religious part secular rationality that challenges the exclusion of religion from public life and secular politics in India Reddy combines theoretical analysis autobiographical narrative and ethnographic reportage to reveal Hindutva as a multifaceted phenomenon that is interpreted and employed opposed and supported in as many ways as it is ideologically produced Hindu ethnicism she argues is best read as a critique illuminating the contradictions of a decaying politics and the struggle to move beyond it and as a rationality for modernity that we can ignore only at our own peril This book will be of interest to anthropologists historians and sociologists as well as readers of ethno nationalist movements religion activism global feminisms and all matters Indian South Asian

Contemporary Debates in Political Philosophy Thomas Christiano, John Christman, 2009-05-04 This collection of 24 essays written by eminent philosophers and political theorists brings together fresh debates on some of the most fundamental questions in contemporary political philosophy including human rights equality constitutionalism the value of democracy identity and political neutrality Presents fresh debates on six of the fundamental questions in contemporary political philosophy Each question is treated by a pair of opposing essays written by eminent scholars Lively debate format sharply defines the issues invites the reader to participate in the exchange of arguments and paves the way for further discussion Will serve as an accessible introduction to the major topics in political philosophy whilst also capturing the imagination of professional philosophers Offers the unique opportunity to observe

leading philosophers engaging in head to head debate

Moralized Selves : Liberty and Self-government in the Multicultural State Steven Andrew Kelts,2002

Multiple Meanings of Gender Equality Mieke Verloo,2007 This book aims to map the diversity of meanings of gender equality across Europe and reflects on the contested concept of gender equality In its exploration of the diverse meanings of gender equality it not only takes into account the existence of different visions of gender equality and the way in which different political and theoretical debates crosscut these visions but also reflects upon the geographical contexts in which visions and debates over gender equality are located The contextual locations where these visions and debates take place include the European Union and member states such as Austria the Netherlands Hungary Slovenia Greece and Spain In all of these settings the different meanings of gender equality are explored comparatively in relation to the issues of family policies domestic violence and gender inequality in politics while specific national contexts discuss the issues of prostitution Austria Slovenia migration the Netherlands homosexual rights Spain and antidiscrimination Hungary The multiple meanings of gender equality are studied through Critical Frame Analysis a methodology that builds on social movement theory and that was refined further with elements of gender and political theory within the context of the MAGEEQ research project

New Perspectives on Turkey ,2001

Women of Color Diane Long Hoeveler,Janet K. Boles,2001-08-30 Beginning in the late 1960s women s studies scholars worked to introduce courses on the history literature and philosophies of women While these initial efforts were rather general women s studies programs have started to give increasing amounts of attention to the special concerns of women of color The topic itself is politically charged and there is growing awareness that the issues facing women of color are diverse and complex Expert contributors offer chapters on the major concerns facing women of color in the modern world particularly in the United States and Latin America Each chapter treats one or more groups of women who have been underrepresented in women s studies scholarship or have had their experiences misinterpreted including African Americans Latina Americans Asian Americans and Native Americans Women of Color includes chapters on theories related to race gender and identity One section provides discussions of literature by women of color including works by such authors as Toni Morrison and Maxine Hong Kingston The book also focuses on the place of women of color in higher education including chapters on women of color and the women s studies curriculum and the role of librarians in shaping women s studies programs

What Happens when a Society is Diverse? Hakan G. Sicakkan,Yngve Georg Lithman,2006 With its interdisciplinary and multi paradigmatic approach this book aims to bring our thinking about diversity a step further towards making coexistence and politics in diverse societies possible It brings together the conceptual and methodological tools of political theory social theory history political science sociology and anthropology

Israeli Feminist Scholarship Esther Fuchs,2014-07 The last two decades have given rise to a proliferation of scholarship by Israeli feminists working in diverse fields ranging from sociology to literature anthropology and history As the Israeli feminist movement continually decentralizes and diversifies it has become

less Eurocentric and heterocentric making way for pluralistic concerns Collecting fifteen previously published essays that give voice to this diversity Israeli Feminist Scholarship showcases articles on Ashkenazi Mizrahi Palestinian and lesbian identities as well as on Israeli women s roles as mothers citizens and activists and soldiers Citing evidence that these scholars have redefined their object of inquiry as an open site of contested and constructed identity luminary Esther Fuchs traces the history of Israeli feminism Among the essays are Jewish historian Margalit Shilo s study of the New Hebrew Woman sociologist Ronit Lentin s analysis of gendered representations of the Holocaust in Israeli culture peace activist Erella Shadmi on lesbianism as a nonissue in Israel and cultural critic Nitza Berkovitch s examination of womanhood as constructed in Israeli legal discourse Creating a space for a critical examination of the relationship between disparate yet analogous discourses within feminism and Zionism this anthology reclaims the mobilizing inclusive role of these multifaceted discourses beyond the postmodern paradigm
