Small Business Feasibility Study

Prepared by: Norman Lee

Date: March 10, 2020

Executive Summary

American consumers' growing interest in Korean pop culture, such as K-pop music and Korean TV shows and movies, has undoubtedly contributed to the growth of Korean cuisine. Diners, on the other hand, are looking for exciting and new culinary experiences as well as on-trend flavors. Mr. Peter Choi hoped to use this market gap to expand his restaurant, Bada's H&T, a Korean twist on all-time American favorites like hotdogs and tacos, through online delivery.

The marketing research team, led by Norman Lee, successfully completed a feasibility study to see the viability of the planned expansion. Based on the analysis of the gathered data, expansion through online delivery is will be extremely feasible. However, the company has to add more resources such as added employees to cater to customers online and invest in a good Point of Sales (POS) management system.
