*Multilingualism and Intercultural Communication* H. Ekkehard Wolff, Pamela Maseko, Russell H Kaschula, Christine Anthonissen, Bassey E Antia, 2017-05-01 An in depth look at the changing sociolinguistic dynamics that have influenced South African society To date there has been no published textbook which takes into account changing sociolinguistic dynamics that have influenced South African society Multilingualism and Intercultural Communication breaks new ground in this arena The scope of this book ranges from macro sociolinguistic questions pertaining to language policies and their implementation or non implementation to micro sociolinguistic observations of actual language use in verbal interaction mainly in multilingual contexts of Higher Education HE There is a gradual move for the study of language and culture to be taught in the context of professional disciplines in which they would be used for example Journalism and African languages Education and African languages etc The book caters for this growing market Because of its multilingual nature it caters to English and Afrikaans language speakers as well as the Sotho and Nguni language groups \_ the largest languages in South Africa and also increasingly used in the context of South African Higher Education It brings together various inter linked disciplines such as Sociolinguistics and Applied Language Studies Media Studies and Journalism History and Education Social and Natural Sciences Law Human Language Technology Music Intercultural Communication and Literary Studies The unique cross cutting disciplinary features of the book will make it a must have for twenty first century South African students and scholars and those interested in applied language issues

*Metastable Dynamics of Neural Ensembles* Emili Balaguer-Ballester, Ruben Moreno-Bote, Gustavo Deco, Daniel Durstewitz, 2018-03-19 A classical view of neural computation is that it can be characterized in terms of convergence to attractor states or sequential transitions among states in a noisy background After over three decades is this still a valid model of how brain dynamics implements cognition This book provides a comprehensive collection of recent theoretical and experimental contributions addressing the question of stable versus transient neural population dynamics from complementary angles These studies showcase recent efforts for designing a framework that encompasses the multiple facets of metastability in neural responses one of the most exciting topics currently in systems and computational neuroscience

Color Vision Sensation and Perception Marcelo Fernandes Costa, 2016-09-15 Color vision is considered a microcosm of the visual science Special physiological and psychological processes make this scientific topic an intriguing and complex research field that can aggregate around molecular biologists neurophysiologists physicists psychophysicists and cognitive neuroscientists Our purpose is to present the frontier knowledge of this area of visual science showing in the end the future prospects of application and basic studies of color perception

Recent Trends in Blockchain for Information Systems Security and Privacy Amit Kumar Tyagi, Ajith Abraham, 2021-11-23 Blockchain technology is an emerging distributed decentralized architecture and computing paradigm which has accelerated the development and application of cloud fog and edge computing artificial intelligence cyber physical

systems social networking crowdsourcing and crowdsensing 5g trust management and finance and other many useful sectors Nowadays the primary blockchain technology uses are in information systems to keep information secure and private However many threats and vulnerabilities are facing blockchain in the past decade such 51% attacks double spending attacks etc The popularity and rapid development of blockchain brings many technical and regulatory challenges for research and academic communities The main goal of this book is to encourage both researchers and practitioners of Blockchain technology to share and exchange their experiences and recent studies between academia and industry The reader will be provided with the most up to date knowledge of blockchain in mainstream areas of security and privacy in the decentralized domain which is timely and essential this is due to the fact that the distributed and p2p applications are increasing day by day and the attackers adopt new mechanisms to threaten the security and privacy of the users in those environments This book provides a detailed explanation of security and privacy with respect to blockchain for information systems and will be an essential resource for students researchers and scientists studying blockchain uses in information systems and those wanting to explore the current state of play

*The Oceanic Feeling* Isabella Lövin, Isabella L vin s *The Oceanic Feeling On the Need for a New Narrative* is a unique document of a life spent on the front lines of the climate battle and at the negotiating tables where the future of our planet is decided The Swedish investigative journalist who became a member of the European Parliament and then served for seven years in government five of those as Deputy Prime Minister and Climate Minister takes us on a journey behind the scenes of climate and global ocean policy making Some may remember the viral picture of her signing the Swedish climate law in 2017 As Donald Trump just had signed a regressive executive order limiting women s sexual and reproductive rights surrounded by only men she by contrast signed progressive climate legislation surrounded by women Deeply concerned about the shrinking confidence in democracy L vin offers a pedagogic and hopeful account of the fact that change can happen if there is a will and a vision But she also recognizes the main reason why humanity is not acting on the many global crises a narrative of egoism and individualism A truer and much more positive story can be found when we recognize *The Oceanic Feeling* a deep connection with nature people and the miraculous web of life on the planet putting empathy responsibility and awe at the center of what it is to be human How L vin asks us can we convert the world to this new healthier narrative
