*Living in the NOW* ULRIKE,2014-03-04 Seize the Day Live in the NOW but how do you get started Most of us might be familiar with the expression living in the now We keep hearing about people compelling us to seize the day to make the best out of our lives and experience every day as if it was our last day ever on this earth This idea is certainly inspirational and uplifting but it s not as easy to follow in real life as it appears How did you get started How did your life to the fullest Ulrike set out to answer to these timeless questions with tact and finesse posing the focus on the right questions to ask Why should you live in the now to begin with Once you acquire clarity in your mind in your heart and your soul only then will you be able to understand how to do it Ulrike keeps reminding us about a very important fact that Olsen goes unnoticed the real revolution the real change can only begin from within oneself **Living in the Now** Patricia Jean

fun But many people who play dont see it that way Many golfers after having spent countless dollars and hours on the sport find them selves having too many negative thoughts limited beliefs and other foolish self sabotaging behaviors Is there any hope to this kind of madness I get so nervous and scared I end up choking and throwing up all over myself I cant seem to control my demons I get angry and often beat myself up Sometimes I cant even hit the broadside of a barn I never seem to get any better Let renowned mental golf coach Rand Marquardt show you how he went from a frustrated misaligned ten handicap golfer to a more confident connected one handicap golfer in just one summer and how you can do it too Dont spend another day being angry afraid or frustrated again Instead learn to play golf more often in The Zone and how to harness and expand your inner wisdom by going with the flow along THE FAIRWAY OF LIFE Radical Social Change in the United States Joanna Swanger,2016-11-09 This book tackles the question of why the United States is so resistant to radical change towards economic justice and peace Taking full stock of the despair that launched the popular support for Bernie Sanders and Donald Trump Swanger historicizes the political paralysis of post 1974 United States that deepened already severe economic inequalities asking how the terrain for social movements in the early twenty first century US differs from that of the 1960s This terrain is marked by the entrenchment of neoliberalism anti intellectualism and difficulties paradoxically posed by the ease of social media Activists now must contend with a paralyzing post factual moment Alain Badiou s thought informs this book on breaking through contemporary political paralysis
