

# Build Your Strategic Infrastructure Roadmap

"Vision without action is merely a dream. Action without vision just passes the time. Vision with action can change the world."

Joel A. Barker

Align your infrastructure investment to business-driven goals.

Strategy is a greenfield exercise. Do not think of your current state when developing strategy and vision for your future.

If IT organizations know how they spend their time, money, and effort on a daily basis, they can then determine time spent on maintaining technical debt, troubleshooting, and general firefighting.
