

MANUAL DATABASE VS. COMPUTERIZED DATABASE

Manual Database	Computerized Database
<p>Manual database is the record keeping systems in which human being manage the whole database without the support of computers.</p>	<p>Computerized database is a database that can be managed or accessed by computers.</p>
<p>A Manual database is like a filing cabinet and is very slow and clumsy at organizing information.</p>	<p>A Computerized database is stored in a computer and is very fast at organizing information, and grouping related data.</p>
<p>In a manual database system, information must be found by hand rather than electronically. Someone looking for information in a manual database may have to spend hours searching for a particular piece of data, which is a very time consuming job.</p>	<p>A Computerized database will typically allow users to search the entire database for specific information in seconds.</p>

Less Reliable.

than manual database system.

Embracing the Song of Phrase: An Emotional Symphony within **Manual Database System**

In a world used by monitors and the ceaseless chatter of fast communication, the melodic splendor and emotional symphony developed by the written term often diminish in to the backdrop, eclipsed by the relentless sound and disturbances that permeate our lives. Nevertheless, nestled within the pages of **Manual Database System** a stunning fictional treasure full of fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that charming masterpiece conducts visitors on a mental trip, well unraveling the hidden tunes and profound impact resonating within each cautiously constructed phrase. Within the depths of this poignant examination, we will explore the book is central harmonies, analyze its enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
