

A photograph of two students, a woman on the left and a man on the right, sitting at a white desk. The woman is leaning over the desk, holding a blue marker and drawing a circle on a piece of paper. The man is looking at a laptop screen. On the desk, there is a laptop, a notebook, and some papers. deposits Accordingly we decided it was timely to write a book on shales In one respect however ours is an unusual book Most books in geology are produced after one or two decades of progress have been made in a field and attempt to summarize and evaluate that progress
