FERNGULLY: THE LAST RAINFOREST

A STUDY GUIDE

With its supernatural narrative pitting environmental harmony against destructive human intervention, this classic 1990s Australian animated children's film remains a powerful statement against wanton deforestation. It also serves as an excellent learning opportunity for upper primary and junior secondary students in English, Geography and Media Arts, as **KATY MARRINER** outlines.

The world was much larger then. The forest went on forever. Its tree spirits nurtured the harmony of all living things, but our closest kinfolk were humans. Then, as sometimes happens, the balance of nature shifted and Anuroo – the very spirit of destruction – rose up from the bowels of the Earth and rained down his poison. The forest was nearly destroyed. Many lives were lost and the humans fled in fear, never to return. Many think they didn't survive. It was only by calling up the magical powers of nature that I was able to trap Anuroo inside an enchanted tree and save FernGully.

— Magi Lusa (Queen Elizabeth)

FernGully has been protected for many years by Magi Lusa, a wise rainforest fairy with strong powers. In the opening sequence of *FernGully: The Last Rainforest* (Bill Kroyer, 1992), she describes a time of ecological balance and the challenges of restoring that balance. Her intention is to teach her granddaughter, Cyra (Shanika Markie), about the interconnections between “all living things” and how those interconnections can change environments.

FernGully is an animated musical fantasy that addresses the concept of sustainability. The film's message – “We all have a power and it grows when it is shared” – endorses the importance of individual and collective environmental ownership. The Australian Curriculum places emphasis on sustainability as a priority for study.
