The History of French Wine

Fateful Origins

The tradition of French winemaking began in the 6th Century B.C. when Greek settlers colonized the Southern region of "Gaul" – a large chunk of Western Europe, including modern-day France.

Middle Ages

The early success of wine in Old World France continued into the Middle Ages when monasteries controlled vineyards, this lasted throughout the Revolution.

Hard Times

The period between the 19th and mid-20th century symbolize hardship for French wine. A wave of grape phylloxera and the two world wars led to the wine nation taking a downward spiral.

A Rebirth

In the 20th century, the Appellation d'origine contrôlée (AOC) system and the post-WWII economic boom lead to the French wine industry securing the prominent spot that it is in today.
