

Film Analysis Paper (10 points)

Steps:

- Select an interpersonal communication theory.
- Select any film that you believe illustrates the communication theory you have selected.
- Write a 3 page paper analyzing interpersonal communication behaviors from the perspective of the theory you have chosen. For example, Knapp's "stages of relational development theory" would work well with the film "When Harry Met Sally," (but please do not use "When Harry Met Sally").

Requirements:

- 1 inch margins
- Double Spaced
- 12 point font, Arial
- Staple
- Type your name, date, and class in the upper right corner of the first page

Format:

INTRODUCTION-*A single paragraph indicating:*

1. the name of the film
2. your reason for wanting to use this particular film-why is this a worthy film for analysis?
3. the theory or communication principle you will use in the paper-what is the name of the theory?
4. a description of the main ideas in the theory or principle, what 3, 4, or 5 aspects are you examining?
5. a justification explaining why this theory is an appropriate choice for this film

BODY-*3, 4, or 5 paragraphs-1 for each section of your theory or principle*

1. The body of the paper should be more concerned with *how the theory applies to specific examples within the movie* than the story of the film.

Do not simply recount what happens in the movie. I am more interested in your ability to explain the theory by using examples from the movie to illustrate the principle in action. You should work to match the ideas in the theory with actual behaviors in the film. For example, one of the stages in Knapp's relational theory is called "Initiating." In the film "When Harry Met Sally," the two main characters engage initiating behaviors as they are identified in our textbook. You may want to describe the nonverbal communication and insert the dialogue from the movie to evidence that the two characters are in fact a good
