HTML5 for Beginners Firuza Yezdi Aibara, 1st, 2012-02-21 This book has been specifically written in the interest of students who are beginning to learn HTML. Hence the basic HTML commands are made easy in this book for them to learn this subject within a short period. The language used is simple so that the students can grasp easily. Though there are many books on HTML available in the market, the salient feature of this book is the simplicity which immediately appeals to the beginners. It can very well be described as the most user-friendly book. The coloured illustrations have been inserted in order to enhance the interest of children because they get enchanted by looking at the multicoloured pictures. As a result, they find it easy to remember. After reading this book, the students will be able to create attractive web sites of their own choice. The book includes the latest version of HTML5 used for designing web pages. About the Author: Firuza Yezdi Aibara has completed her post-graduation in Information Technology M.Sc. IT from The D.G. Ruparel College, Mumbai, affiliated to The University of Mumbai. From childhood, she had keen interest in Computers. She has completed various courses like Web Design, Development, C++, Java, Visual Basic, and other subjects. At present, Firuza is working as a Research Associate in the Indian Institute of Technology IIT Powai, Mumbai. This first book of hers has been written in a simple language to enable young students to learn and understand HTML easily. Firuza has authored 6 more books on different subjects like C programming and Visual Basic. She is planning to write more books on different computer subjects too. Well-known author Mr. Ivan Bayross has provided guidance to Firuza during the course of writing this book.
