

# English Syntax

## The Different Types of Syntax

### Generative syntax

how sentences are generated by the human brain

### Transformational syntax

how sentences can be transformed into different forms while still retaining their meaning

### Descriptive syntax

how language is actually used in practice, rather than how it "should" be used according to prescriptive rules

### Comparative syntax

how different languages use syntax to convey meaning

## English Syntax Rules

### Subject-verb agreement

The subject and verb in a sentence must agree in number (i.e. singular or plural)

### Word order

English sentences generally follow a subject-verb-object (SVO) order

### Use of articles and prepositions

English uses articles (a, an, the) and prepositions (in, on, at, etc.) to convey specific meanings and relationships between words

### Punctuation

The use of punctuation marks like commas, periods, and semicolons helps to clarify the meaning and structure of a sentence
