

## English composition II B

Essay by: Cirtys Caballero Contreras.

This is one chapter of my life, I would say it is the saddest one, but now it is in the past and I do not care too much about it, even though it is important to highlight three of the most relevant aspects that made my childhood a little bit miserable for the fact of not having my mom by my side during that period of time. The first aspect is the fact of standing dad comments and laughing of people, most of the time children who studied with me. The second aspect is not having a shoulder to lean on and the beginning of new things and new experiences, and finally the fact of living the life from my own points of view or perspectives and realizes that all those bad moments helped me to be the person who I am today.

When you are a little girl you expect to live your life as the other kids of your age, but something can change it. My mom went away from me when I was 7 years old and from that moment on I started to live an empty and miserable life. I had to stand bad comments and laugh of other kids, when mother's day came all the students had to make cards and buy gifts for their mothers and they laughed at me as they knew she did not live with me. When people asked me about my mom I would say that she went away to work, but they just said she was a bad mother, that she did not love me, that she left me alone because she has more important things to do than taking care of me, those words are in my mind since then.

While you are growing up you start to know new things, feelings, and experiences; when that happens your head starts to have doubts and you want to know about everything, you get confused easily when you are little and your desires are to find answers to those questions you have in your mind. For example the first time you "fall in love" and you feel those butterflies in your stomach, but you do not know what that is and you want to find answers, but you do not have your mom close to you; the only person you think can help you. Advice you, or giving you the information you want to get; in the other hand when you are alone, sad, or worry and you wished to have your moms' shoulder and words there, but you realize that you would not find them, that she was not there to support you, to cheer you up, to encourage you for keep on going.

The time went so fast and I became a teenager, when you are on that age you think you own the world, that you can do whatever you wish, I thought that in that moment I did not need my mom in my life, I could go whenever I wanted, I could do whatever I wanted without listening to anyone; I was the owner of my life. I used to think that all those sad, dab, and stupid moments helped me to get "mature and grow" as a person, but it was not like that those moments just
