

The **Engaged Users** graph allows you to understand the different types of engagements your post generated. Anyone clicking anywhere on your post is considered an "Engaged User." The types of engagement you can find in the pie chart include all the different ways people can consume your post (clicking on a link, viewing a picture, watching a video...), spread it to friends (by liking it, commenting on it, answering a Question, RSVP-ing to an event, etc...) or simply click on some other area of your post ("Other Clicks").

Video plays: The number of times the play button of your video was clicked on.

Photo views: The number of times your photo was viewed in its full size.

Link clicks: The number of time the link included in your post was clicked on.

Other clicks: The number of clicks on your post that are not counted in other metrics. These clicks can include clicks on people's names in comments, clicks on the like count, clicks on the time stamp, etc.

Stories generated: The number of stories that were created from your post. Stories include liking, commenting on or sharing your post, answering a Question or RSVP-ing to an event.

The **Talking About This** graph shows all the different types of stories that your post generated. Please note that, since People Talking About This are a subset of Engaged Users, this graph offers a more granular breakdown of the "stories generated" section of the "Engaged Users" pie chart.

Likes: The number of likes on your post.

Shares: The number of times your post was shared.

Comments: The number of comments on your post.

Event RSVPs: The number of times people responded to your event.

Questions answered: The number of times your question was answered.
