

TAKING LECTURE NOTES

Why taking lecture notes?

- So you don't have to rely on your memory
- So you can focus better during class (and listen carefully!)
- test your understanding (you have to know what's important)

Type or write?

the key question

you can:

- write on notebooks/lecture notes (with internet)
 - type on iPad/laptop
 - write on iPad
- Great flexibility + awesome for people who can't concentrate
+ great when you have to capture lots of info (esp when prof. speaks really fast)
- won't lose your notes + great flexibility + you can type when you have the need (BUT can be slow + complex)
- * App rec: notability/pdf expert

you should take notes of...

1. Things on board
2. definitions + key words & phrases
3. enumerations
4. Signaling phrases ("this is important")
5. emphasis in voice/body language
6. Things repeated
7. examples
8. summaries/reviews

Cornell + Outline?

↳ the best method for taking classnotes?

Cornell: Active learning

- encourage you to review your notes
- makes everything clear + concise

Outline method

- encourage you to look for key ideas + main points
- clear, so you can spend less time reviewing them
- and of course, more organized

you can use it on...

- Paper/notebooks (etc!)
- Laptop/iPad (type: DocNotes)

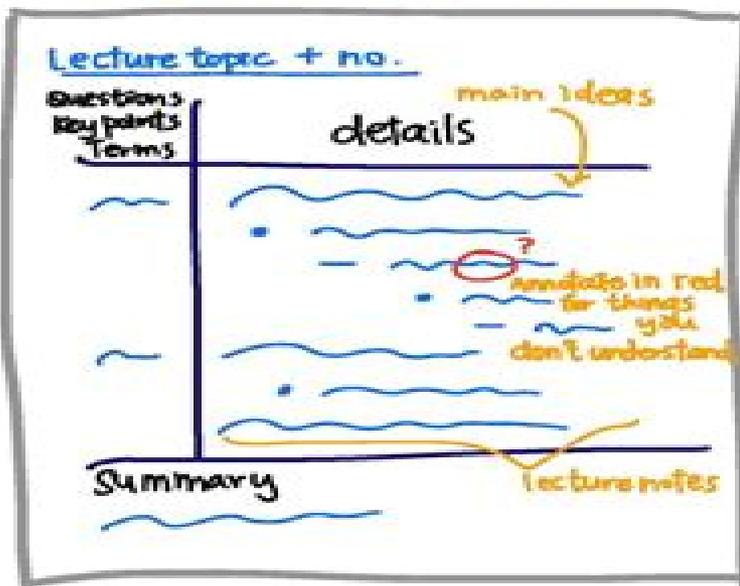

Good note-taking habits

1. Review notes (prev. lecture)
2. Previewing the textbook (15mins)
 - main terms/summary + prepare questions
3. When in doubt, write in down
"should I write it or not?" → write!
(Better too much than not)
4. Be concise
 - use abbreviations
 - short sentences
 - know lecture style

make an abbrev sheet after preparing for class (since you'll know what words will be used frequently)

(Ask if you need to write down)

* 1st lecture: walk up to your teacher your notes (ask if they're good for this class) → may give you suggestions or ask for an example of note-taking. They know the mainpoints of lecture.
5. Use a good note-taking system

note-taking format employing Cornell method + the outline method

Lecture Notes On Ttechnical Report

Annelies Wilder-Smith

Lecture Notes On Ttechnical Report:

The Enigmatic Realm of **Lecture Notes On Ttechnical Report**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Lecture Notes On Ttechnical Report** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those that partake in its reading experience.
