**From Panic to Power** Lucinda Bassett, **Freedom from Fear** Forrest Church, 2005-08 Franklin Roosevelt told us that what we most have to fear is fear itself. Forrest Church shows that we can start to overcome it. He begins by identifying the five kinds we face in life: fright, worry, guilt, insecurity, and dread. Each has its own logic but their effect singly or collectively is paralysis. Conquering fear requires courage to love, to act, and to be. Speak to Be Heard Esi Zar, You've been talking but it feels like no one really hears you. You speak up in meetings only to be talked over or dismissed. You try to express yourself at home and somehow it turns into conflict or confusion. You walk away from conversations thinking, "Why didn't I say what I really meant?" And maybe the worst part: That quiet voice in your head whispering, "Maybe what I have to say isn't that important after all." If any of this feels familiar, you're not alone. So many of us go through life feeling muted, not because we're silent but because we don't feel heard. We shrink ourselves in rooms that require our full presence. We hold back in fear of being misunderstood. We censor our truth to keep the peace. And slowly, without realizing it, we lose touch with the power of our own voice. But here's what I want you to know: You were never meant to stay quiet. You were meant to speak, to be heard, respected, and remembered. You just haven't been shown how yet. This book is your guide back to that power. Not power in the loud, aggressive sense but the kind of quiet, steady, magnetic power that comes when you know who you are, what you believe, and how to speak in a way that makes people stop and listen. You don't need to become someone else. You don't need to be the loudest in the room. You only need to learn how to own your presence, shape your message, and share your voice with clarity and confidence. In the pages ahead, we'll walk step by step through the journey of becoming someone who speaks with presence and purpose. You'll start by exploring what's been holding you back: the fear, doubt, and past experiences that have quieted your voice. From there, you'll learn the tools, mindset shifts, and speaking techniques that make confident communication not only possible but natural. Each chapter is designed to build on the last, like climbing a staircase from self-awareness to self-expression, from speaking up to standing out. And by the end, you won't just know how to speak with confidence; you'll feel it in your bones. This is more than a book about communication. It's a book about becoming who you were always meant to be. If any part of you is ready for change, turn the page. Your journey begins now. **Deliver Us from Evil** Kris Vallotton, 2025-02-04 When You Stand on Truth You Can't Huddle in Fear. Are you struggling through the fog of fear, anxiety, or depression?
