From Outer Space to You (Annotated Text Only Version) Howard Menger,2017-01-13 *From Outer Space To You* 2016 re print Annotated Text Only Version with Forward by Lucus Louize Forward by Lucus Louize excerpts This very important book is now believed to be in the public domain As such it should be broadly distributed to all interested in the UFO phenomenon and friendly space people The friendly space people have a message for us all one of friendship and compassion towards Earth If we can learn to adopt their way of thinking the world would become a better place and we might just be able to join them to explore the stars It is difficult and no one is perfect but the more people practice the attitudes of Morals Friendship Empathy and Service towards all with a belief in God God is not a man but all men and woman and all things omniscient omnipotent omnipresent as stated in Connie and Howard Menger s book *Threads of Light To You* 1994 the more the world can change for the better for ourselves and the to the benefit of the friendly space people who want so badly to have us join them In all the 1950 s contactees books they mentioned that the space friends came from Venus ect They may have bases there as stated by Menger in the documentary *Alien Secret Contacts* Menger states in the documentary *Alien Contacts* The

Best Evidence by Michael Hesemann 2006 they have bases on Venus Mars and many other planets I asked them once where did they come from And they said We have just come from the planet you call Venus Well that doesn't mean they are Venusians They are travelers So the space friends may have bases on those planets also it should be noted that the Space Friends of Gabriel Green have stated the memories of the 1950's contactees were manipulated Breccia also mentioned this in the book Mass Contacts Sammaciccia writes The opposing groups would use their technology to do things to the Confederation contacts like altering documents changing memories even wiping out somebody's memories injecting wrong feelings as easily as if they were showing a movie Our friends the Confederation ed had often stressed that against all that the only possible defense should consist in a firm will So the memories of the contactees were distorted by opposing groups as mentioned by Sammaciccia and the Space Friends of Gabriel Green and the Confederation does not live openly on Venus Saturn ect where do they actually come from As stated by the Space Friends of Gabriel Green online some of the places they come from are Altair and Arcturus star systems Arcturus is actually a Dual Membership Planet of both the Confederation and the Space Friends of Gabriel Green The space friends use a version of an economic system called Universal Economics as stated by contactee Gabriel Green If you wish to incarnate into Confederation membership planet in the next life like Arcturus know you are not your body but your eternal soul awareness within your body and ask God what you need to do in life in order to re incarnate there then let go of thinking this is a similar method in Adamski's Science of Life 1964 and an answer will come of only Moral Common sense thoughts or ideas to improve your life in small ways or just for life guidance in general Practice an attitude of Service towards God and the Confederation as this will help greatly to improve your chances of re incarnating onto Confederation membership planets They may also use a soul transfer machine to transfer a person's soul into another body to re incarnate into their worlds The soul transfer machine is mentioned in Menger's book Threads of Light To You For more information on being your awareness and incarnating on Confederation member planets please see the book Inside the Spaceships by Adamski 2001 *From Outer Space to You* Howard 1922- Menger,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *From Outar Space* H. Menger,1967 **The Boss from Outer Space and Other Aliens at Work** Patricia J. Adesso,2007 Anyone who works in an office probably has to deal with at least some people who are so different they might as well be from another planet These

differences can lead to conflict or if handled properly to a greater appreciation of others and a more productive workplace The secret to getting along lies in understanding the different personality traits people exhibit and how to relate to them The author identifies 11 traits that can make work relationships difficult which she compares to the planets plus the moon and the sun including Saturn with its distinctive rings symbolizes how comfortable one is being different and shows whether one is more of a conformist or experimenter Jupiter made up mostly of gases has a bubbly spirit and signifies one's level of optimism Earth as in down to Earth indicates whether someone is grounded or has one's head in the clouds Fun and easy to read yet packed with realistic strategies this very human guide will help anyone on the planet get along with even their most difficult coworker

chapters from his earlier book *From Outer Space To You* in his later books *The High Bridge Incident* 1991 and *Threads of Light To You* 1994 while actually having removed any mention of the space friends living on Venus or any of the other local planets in those later books [The No-Fault Classroom](#) Sura Hart, Victoria Kindle Hodson, 2008-09-01 Positing a radically new understanding of the root of conflict unmet needs this analysis boldly directs students and teachers to recognize feelings as important messengers of those needs Refocusing attention from feelings to the needs behind the feelings addresses the underlying problem rather than the symptom with this objective the concept of the No Fault Zone is introduced It is a place in the classroom free from criticism or blame where students learn trust and respect for one another develop successful conflict resolution skills and the responsibility for resolution shifts from teacher to students The complete conflict resolution curriculum is included providing step by step guidance and making this classroom kit a time saver for busy teachers
