About PCI Compliance

When customers offer their bankcard at the point of sale, over the Internet, on the phone, or through the mail, they want assurance that their account information is safe. That's why the Payment Card Industry (PCI) Data Security Standard was instituted. The program is intended to protect cardholder data—wherever it resides—ensuring that merchants, processors, and service providers maintain the highest information security standard¹.

For more detailed information concerning PCI compliance, please refer to the PCI Security Standards Council website, <https://www.pcisecuritystandards.org/>.
