Meeting,1914 **Transactions of the Indiana Horticultural Society for the Year ...** ,1914 **William Wordsworth's Golden Age Theories During the Industrial Revolution** M. Keay,2001-09-26

Wordsworth's romantic critique of industrial life and society was backward looking. His Golden Age ideal of pastoral life and rural relationships falls within the scope of English populism as found among the middle ranks of small independent producers and their ideologues. Furthermore, his rural education and upbringing in the remote North of England explain his long-term shift from radical and Whig reformer to Tory placeman in the years 1789 to 1832, as well as his relative demise as a poet.
