The Animal Desk Reference Melissa Shelton,2012-04-15 This is the SOFTCOVER version of the original Animal Desk Reference book The ADR is written by Holistic Veterinarian Melissa Shelton describing the many ways that Essential Oils are used for animals especially pertaining to the French Model of Aromatherapy Young Living Essential Oils and products are specifically described in this reference making it very similar to the Essential Oils Desk Reference book for humans Information for the use of essential oils is included for every species of animal from fish and cats to dogs horses and elephants General techniques and methods are thoroughly described in this easy to read book

Discussions on safety and monitoring of animals during the use of essential oils are also covered For Pet's Sake, Do Something! Book Three Dr. Monica Diedrich, 2008-10-01 What can I do to make my pet more comfortable when he or she has to cope with pain illness or a chronic condition How can I improve my pet's overall health I can't begin to tell you how many people have asked me these two questions during individual consultations and workshops At times their requests for information have compelled me to search for more effective answers than I was able to provide at the moment For that reason I'm very grateful to my clients and students since they've often piqued my curiosity to learn much more about topics I might never have researched any further on my own Because of their queries while I was writing my second book *Pets Have Feelings Too* ideas were already swirling around in my mind for a third book a how to book that would help as many pet parents as possible by answering those two questions and more My dream was to compile information all in a single book about as wide a variety of healing modalities as I possibly could However the single book quickly grew so large it soon developed into a series of three books They're all published under the umbrella title *For Pet's Sake Do Something* and they're each about how you can help your pets heal and enjoy optimum health every day I first discovered the importance of doing something myself when one of my own dogs seemed to be giving up on life At the tender age of two my Shih Tzu Chop Chop was in severe pain because of hip dysplasia and a pinched nerve He spent hours lying with his eyes fixed on the horizon as if his life had no more meaning for him I felt I'd most likely have to make a decision soon to give him the final respite he was looking for Meanwhile I was both desperate and discouraged because there didn't seem to be anything more I could do to help him He'd already been seen by two different veterinarians and each one had given him only a bleak prognosis Not only that but medications were no longer able to provide the hoped for relief It seemed he was very close to death and the next day I would probably have to make a final decision for him That night all I could do was to lie beside him on the floor crying buckets of tears but at least I was keeping him company and comforting him as best I could I'd known ever since I was eight years old about the special intuitive gift I had but at that moment my gift for being able to talk with animals was the farthest thing from my mind I was unable to think creatively or sense anything intuitively at all What happened next though as I lay on the floor beside my precious pet feeling utterly miserable and totally helpless would be one of the greatest lessons I would ever learn As clear as day I heard Chop Chop say to me You call yourself a healer so do something At first I had no idea what I could do to bring him any other relief In fact his words played over and over in my mind for awhile before their meaning even became clear to me Finally with a flash of insight I realized there was something more I could do I'd been using the technique of Cosmic Healing Energy to help people for some time but I'd never before thought about using it to help pets However now that Chop Chop was prompting me to be an active participant instead of a helpless bystander I set aside my sense of desperation and immediately began sending him healing light energy I not only sent him healing light myself but I also asked the angels saints sages and healers of all space times and dimensions to join me as well as guide and help me be

an effective transmitter of Spirit's ever present healing light and love. Even when I consciously thought I was finished with the treatment my hands intuitively kept moving as if they knew exactly where to touch, press and pull. When the flow of healing energy stopped I thanked everyone for their help and was filled with gratitude and reverence. When I went to bed that night it was with the confidence of knowing I'd now been able to do something positive for Chop. Chop's highest good regardless of what the outcome might be. What happened the next morning was nothing short of miraculous. He stood up on all four legs and shook his mane. He hadn't been able to do either of those things for quite some time because his hind quarters had been paralyzed. Within a week of receiving regular healing treatments he was completely back to being his normal self. Most of you won't ever be faced with quite such an extraordinary situation and it's important to realize that not every spiritual healing treatment brings about a physical cure as this one did but you will have many opportunities in everyday life when your pets need healing help in a variety of other ways too. That's why it's been so important to me to write this series of books to empower you to be an active participant instead of a helpless bystander. By implementing some of the healing techniques I've shared with you you may be able to help your pet maintain optimum health, manage more comfortably through chronic illness or pain or even recover from a serious illness or injury. This third book of the series is designed to provide you with guidelines for using alternative and complementary methods of healing. Many of them have a long and successful history of use and many that at first may seem to be unconventional are actually scientifically supported. Some you'll be able to use right away after reading about them while others will require study or further research on your part in order to use them correctly. You'll also learn about various healing modalities a professional can provide for your pet. The topics we'll cover in this third book of the series include Flower Essences for restoring spiritual balance to help relieve both physical and emotional symptoms, Essential Oils that quickly and effectively transport oxygen and nutrients into every cell of the body for physical and emotional healing, Homeopathy a healing system based on the principle that like heals like, Magnetic Therapy, Reflexology and Massage for pain relief, relaxation, reducing anxiety and promoting overall wellbeing, Sound in its many different healing forms which serves as a bridge between body, mind and spirit, Color that can influence how a pet feels and behaves, Crystals as an effective means for focusing healing energy, Incense fragrances for healing emotional and behavioral imbalances, Animal Communication and the importance of healing at every level, spiritual, mental and emotional to bring about lasting physical healing, Acupuncture and Acupressure to eliminate blockages in the body's energy system, Chiropractic to correct misalignments in a pet's body, Hydrotherapy to promote healing in a weightless environment. Another chapter you may find helpful shows you how to pre-test remedies before you buy or use them. Using the techniques I've described may help you discover ahead of time whether or not a certain modality is the right one to use for your pet or this type of pre-testing may save you from spending money on something that wouldn't be beneficial for your pet. It's also important to know how pets age, what emergency kit supplies to have on hand and first aid procedures to use as well as how to provide for your

pets when you're no longer there so I've included chapters about these topics also. If you're able to ease your pet's pain or provide a better quality of life by implementing any of the healing techniques described in this book or in any of the books of this series, the time and money you've spent will be well worth it. My teacher and beloved animal friend Chop Chop finally did pass on at almost fourteen years of age, but what he asked me to do when he was only two years old touched not only our own lives but also the lives of many other pets and pet parents as well. Though he and I were both on the verge of giving up many years ago, he taught me that I didn't have to be a helpless bystander and that I could do something. I hope you'll do something for your precious pets too. Remember, we can't always do great things in life, but we can do small things with great love. This is exactly the lesson our animal friends teach us: whatever you do, do it with unconditional love. You can learn more about the contents of each book in the series by turning to the Epilogue at the end of this book. You can read Chop Chop's entire story in Chapter 1 of my first book, *What Animals Tell Me*. You can also learn how to use Cosmic Healing yourself in Chapter 6 of Book 1 of the series *For Pet's Sake: Do Something How to Communicate With Your Pets and Help Them Heal*. Sometimes my clients will ask if I still use Cosmic Healing to help people as well as pets. Many years ago I did, but there are so many animals who need my help today that I now devote all of my time to working exclusively with them.

Dr. Monica Diedrich **How to Relieve Bunion Pain**, *Implosion!!!* Melvia F. Miller, 2005-11-13

THE SPIRITUAL DREAM: One day in the 21st Century, God went unto Noah, who was living in the U.S. in Harlem, NY, and said, "Again, the earth has become wicked. Build another Ark and save 2 of every living thing and a few good humans. He gave Noah instructions: You have 6 months to build it before I start the storms. Six months later, God looked down and saw Noah weeping in his yard, but no Ark. Noah roared, "Where is the Ark? Forgive me, God begged Noah, but I needed a building permit. I've been arguing with the code inspector. I know you want decent humans, so I tried to test for those who are reasonably healthy. This will take a long time because most are filled with drugs of one kind or another. And if all that is not enough, the Dept. of Homeland Security has me under investigation for plotting to kidnap citizens. And you may have heard about the pathetic way FEMA handled the folks in the Super Dome after a hurricane. FEMA won't let me do any type of rescuing. So forgive me, Great One, but it would take at least 10 years for me to finish this Ark. Suddenly, a rainbow stretched across the sky. Noah looked up in wonder and asked, "You're not going to destroy the world?" No, said God. "This is a new situation. Red tape beat me to the punch. Renewal may require a more ancient solution."
