

# Grade 5 FCAT 2.0 Science Sample Answers

This booklet contains answers to the FCAT 2.0 Science sample questions, as well as explanations for the correct answers and rationales for the incorrect answers (distractor rationales). It also gives the Next Generation Sunshine State Standards (NGSSS) benchmark assessed by each item. In February 2008, the State Board of Education adopted updated benchmarks. These new benchmarks are included in this booklet to provide teachers with additional information. For more information, follow this link to the NGSSS website: <http://www.floridastandards.org/index.aspx>.

Multiple-choice items in FCAT 2.0 Science tests are scored by awarding one point for each correct answer.

The intent of these sample test materials is to orient teachers and students to the types of questions on FCAT 2.0 tests. By using these materials, students will become familiar with the types of items and response formats that they will see on the actual test. The sample questions and answers are not intended to demonstrate the length of the actual test, nor should student responses be used as an indicator of student performance on the actual test. Additional information about test items can be found in the *FCAT 2.0 Test Item Specifications* at <http://fcit.fldoe.org/fcat2/itemspecs.asp>.

The sample questions for students and the sample answers for teachers are only available online, at <http://fcit.fldoe.org/fcat2/fcatitem.asp>.
