

Guide For Remote Learning

A lot of learning happens in the home already. Here's how we can harness what is already there and guide our students in demonstrating their learning when they engage in these activities.

Games

- Take a game you already play well. Ask your child to change the game to make it more challenging or create your own game.
- Ask your child is this game fun? Is it a game of chance or skill? What skills did you demonstrate playing the game?

Health

- Take a walk or do other physical activity for twenty to thirty minutes a day.
- Meditate or listen to music / relaxing recording.
- Keep a daily journal of how you feel.

Reading

- Read for at least an hour a day other than the news.
- Keep a journal of what you read. What are your thoughts?

Media

- Watch a film, Tv show or documentary and critique it. What did you learn from watching? Did it change the way you view the world? Was it worth watching? What would you change?
- Research more about the topic of the movie, show or documentary.

Create

- Create a video, podcast, piece of art, craft, or piece of writing.
- Collect feedback from peers through Google Docs or virtual tuning sessions.

Practice

- Practice the skills you already have, i.e. music, cooking, sewing, gardening, drawing, sports, etc.
- Develop a new skill.
- Keep a log of how long you practiced. Reflect on what you learned.

Redo

- Is there a project, presentation, paper, or other product you created that you would like to try again?
