However, we understand that this is easier said than done and that there are a lot of confusing factors to keep in mind. Whether you're trying to find the best type of plan to choose through your employer-sponsored coverage or you're just beginning to look into your individual health insurance options, this guide aims to break down the basics and provide you with additional resources to supplement your insurance journey. This is a useful, factual, non-partisan look at the current system for health insurance and getting health care in the U.S., including practical tips to help you save money on your health care, whether you have insurance or not.
