History Alive The Ancient World Chapter 35:

The Wonders of the Little World: Or, A General History of Man Nathaniel Wanley,1774 The Outline of Knowledge: The history of the world James Albert Richards,1924 The English Catalogue of Books Published from January, 1835, to January, 1863 ,1864 H.G. Wells and the Twenty-First Century Bill Cooke,2023-09-15 H G Wells has been branded as a novelist who betrayed his vocation But Wells saw himself as what we would today call a public intellectual How credible is this claim And what happens when we look at him in this way So typecast has Wells s reputation become that neither of these questions has been previously asked but when we look at Wells as a thinker we find a whole new quality to his later works which have invariably been dismissed by literary scholars as of low quality or even not worth reading In particular Wells s prescience as a prophet of our current environmental problems stands out for example he foresaw anthropogenic climate change as early as 1931 Popular conceptions of Wells as racist imperialist and eugenicist are also challenged What emerges is a new perspective on a significant public intellectual and pioneering prophet of the twenty first century **The Outline of Knowledge: The history of the world, by A.
