Personal Slave Natalie Brown,2014-12-02 Brooke Lynn Clarise is a twenty three year old going to college studying to be a nurse She s from a small town where nothing much happens but pig races The last thing Brooke thought would happen is being kidnapped by the one man she was obsessed about and being his personal slave Lee Miller is a country singer that has always had a gruesome past He was given up when he was a baby for adoption But when he was nine years old his abusive father goes to court with his adopted parents and wins the case taking Lee Lee never stands up to his father But when he comes across Brooke he finds himself gaining courage to do things he thought he would never do Lee makes Brooke his personal slave and does his best to keep an eye on her But when she slips out of his house without being noticed Lee goes to his biological mother to get some advice

**Controlling Desires** Kirk Ormand,2008-11-30 Historians of ancient Greece and Rome are sometimes hesitant to engage with the well documented fact that Greek and Roman men regularly engaged in same sex sexual relations with younger men In a similar vein scholars have constructed elaborate social explanations for Sappho a 6th century woman from the island of Lesbos who wrote passionate poetry about her erotic relations with a number of women in order to avoid her apparent sexual orientation On the other hand in recent times the Greeks and Romans have occasionally been idealized as prototypes of modern homosexuality or bisexuality In this engaging cross disciplinary book Ormand argues that the Greeks and Romans thought of sex and sexuality in ways fundamentally different from our own Ormand s exploration of Greek and Roman sexual practice allows readers the opportunity to see how attitudes and beliefs about sex sexuality in short functioned in the early civilizations of the West and how those attitudes reveal the unspoken rules that defined public and private behavior Ormand treats Greece and Rome in separate sections with ample cross references and comparisons Within each section individual chapters focus on different types of texts and visual arts Just as sexuality is presented differently in our legal cases than it is on television sitcoms or supermarket tabloids the reader will naturally find that the Greeks and Romans talk one way about sex love and marriage in legal speeches and another way in comedies satires and philosophical texts Ormand s analysis takes into account changes in attitude over time as well as different modes of presenting a complex and interconnected set of social beliefs and behaviors
