

Troubleshooting Steps

Restart Your Equipment

Give your router a break by turning it off for 30 seconds, then power it back on to freshen things up.

Check and Fix Connections

Take a look at all the cables connected to your router. Make sure they're snug and undamaged to keep your connection strong.

Reset Network Settings

If you're still having trouble, reset your router to its default settings. This might help clear up any issues.

Update Firmware

Keep your router up to date by checking for and installing any available updates. Just make sure you're getting the right one for your router model.
