### P4- Produce a design for a computer program to meet client requirements

#### Brief

I am a junior employee at a small software development Company and have been selected to take part in making judgement/s about an upcoming tournament at a local college. The college will be running a tournament for students to compete in a series of events for prizes. Throughout the tournament, I would be required to give the students 2 options as part of the specification, one being joining as an individual and the other as a team/ group. To enable this to happen, I have made 2 separate displays, in order for the user/s to include themselves as part of a team or person which can be easily accessible through the main home page of the program.

Another criteria in the spec enables me to make sure that there are no more than 5 members per team. To satisfy this demand, I have created only 5 (as a maximum) boxes in which the user can write down the names of those students participating. Another box is also made for only 1 specific individual who would like to carry out the tournament by themselves. Furthermore the specification additionally required that there should be a differentiation between Team Events and Individual Events, which again both can be easily accessible through the main home menu. Moreover, there is another asked necessity, that the Teams and Individuals should be ranked in score numbers, 1 being the highest, depending on the position that has been scored. To fulfil this, on the user interface of the Events Screen, I have given the user a possibility of entering the team or individual that has won in order. I have made use of
