environment and the significance of creation in the rich theological history and spiritual classics of the Orthodox Church through the lens of its unique ascetical liturgical and mystical experience The global ecological crisis affecting humanity's air water and land as well as the planet's flora and fauna has resulted in manifest fissures on the image of God in creation Chryssavgis examines from an Orthodox Christian perspective the possibility of restoring that shattered image through the sacramental lenses of cosmic transfiguration cosmic interconnection and cosmic reconciliation The viewpoints of early theologians and contemporary thinkers are extensively explored from a theological and spiritual perspective including countering those who deny that God's creation is in crisis Presenting a worldview advanced and championed by the Orthodox Church in the modern world this book encourages personal and societal transformation in making ethical and economic choices that respect creation as sacrament Wisconsin Lutheran Quarterly, 2003 **History, Essays, Orations, and**
