Lost In Distraction English Edition:

Milton's Paradise Lost, Books I and II John Milton, Homer Baxter Sprague, 1888 *Lost and Found Voices* Luc

Beaudoin, 2022-12-15 One writer is stranded by the Second World War Another flees multiple revolutions to live the rest of his life in Rio de Janeiro Two others public about their sexuality at home choose self exile In *Lost and Found Voices* Luc Beaudoin offers a critical engagement with these four displaced authors Witold Gombrowicz Valerii Pereleshin Abdellah Ta a and Slava Mogutin Not quite fitting into their respective diasporas and sharing an urge to express their queer desires it is in their published works of literature film and photography that these writers locate their shifting identities and emergent queer voices Their artistry is the basis from which Beaudoin traces their expressions of desire in language culture and community offering a contextual queer reading that navigates their linguistic cultural artistic and sexual self translations and self portrayals Their choices are determinative Gombrowicz masked his attraction to men in his works keeping the truth hidden in an intimate diary Pereleshin explored his lust in Brazilian Portuguese after being shunned by the Russian diaspora Ta a writes in French to destabilize both the language and his status as an immigrant in France Mogutin becomes a hardcore gay rebel in word and image to rattle assumptions about gay life Bringing authors generally not familiar to an English speaking readership into one volume and including Beaudoin s own experience of living between languages *Lost and Found Voices* provides provocative insights into what it means to be gay in both the past and the present **How I lost 50,5 kgs in 5 month and 5 days. A history of 1061 days of failures and a path to success.** Piotr Konopka, This book is my story It s about success the road to it there s a bit of theory But mostly it s about practice how in 158 days the title 5 months and five days I changed my life and lost 50 5 kg A hilarious picture of Pawel Jaronski is circulating the web a doctor diagnosing a patient saying You are fat Please don t be fat The patient thanks him and the consultation is over Much weight loss advice looks similar Seemingly simple advice that only looks good on paper Or in a world of superheroes endowed with superpowers This is not a book for superheroes Nor is it a book written by a superhero It is a story about how to win despite stumbles and failures How to learn lessons How to pick yourself up after successive falls You will only find advice that works in everyday life You will get practical advice tailored to the busy lifestyles of today s world Based on factual foundations and the knowledge of experts in many fields but is complemented by the true story of a man who has faced himself Or that s what superheroism is This book is a record of my story I won t describe my life but I will discuss almost four years It will be about success but also the road to it The first part concerns the period from 23 August 2019 to 18 July 2022 That is 1 061 days which can be seen as a period of failure Or to paraphrase Thomas Edison it was a period in which I discovered 1061 ways to lose weight that didn t work The second part was the 158 days actually the eponymous five months and five days during which using the experiences I had gathered I changed my life and lost 50 5 kg To lose weight I had to suffer from depression and stage III obesity Sometimes people with depression say they woke up driving a car in a head on collision Me I feel like I

woke up in the vicinity of a coffin with a box of pizza in my hand The fact that I have lost and continue to lose weight is the result of the sum of my experiences not a magical transformation This is only a book for some I am not a doctor although doctors do appear in it This is not a book to diagnose endocrine disorders or other illnesses see a doctor about those I will not help you all But if at least a few people benefit from my story I will still be happy The fact that I have a circle of people supporting me is lucky Some people are not so fortunate But it's worthwhile then to seek help from professionals psychotherapists psychologists who can help in such a situation But if my experiences are to help at least one person it is worth sharing such knowledge That is why this book was written

Contemporary Fictions of Attention Alice Bennett, 2018-08-09 With the supposed shortening of our attention spans what future is there for fiction in the age of the internet *Contemporary Fictions of Attention* rejects this discourse of distraction crisis which suggests that the future of reading is in peril and instead finds that contemporary writers construct fictions of attention that find some value in states or moments of inattention Through discussion of work by a diverse selection of writers including Joshua Cohen Ben Lerner Tom McCarthy Ali Smith Zadie Smith and David Foster Wallace this book identifies how fiction prompts readers to become peripherally aware of their own attention *Contemporary Fictions of Attention* locates a common interest in attention within 21st century fiction and connects this interest to a series of debates surrounding ethics temporality the everyday boredom work and self discipline in contemporary culture

The Dialect of the Tribe Margery Sabin, 1987 This wide ranging work reveals how the ambiguous cultural positions of four great modern novelists James Lawrence Joyce and Beckett become a major source of their strength
