

HOW TO LISTEN TO CLASSICAL MUSIC WORKSHEET

1. Music appreciation is a CLEAR perception of the aesthetic qualities of music.
2. The complexities of classical music make the classical listening experience DIFFICULT to enjoy at first.
3. Some of these complexities include:
 - a. The DURATION of the work being performed.
 - b. Some of these masterpieces take anywhere between THIRTY minutes to over an hour to present.
 - c. The lack of the listener's familiarity with musical ELEMENTS and TERMS.
4. Operas are considered to be a part of the CLASSICAL music repertory.
5. Instead of English, most famous operas are sung in ITALIAN, German and FRENCH.
6. In popular music, the duration of each song is considerably SHORTER than any classical work.
7. In popular music, the development is done through the LYRICS.
8. Classical music composers rely on the DEVELOPMENT of instrumental musical ideas.
9. The duration of classical music is LONGER because the development of their musical IDEAS takes longer.
10. One of the goals of listening is to INCREASE the ability to listen to music perceptively.
11. Another goal is to be EDUCATED about music: music styles, forms, TERMINOLOGY, and HISTORICAL and cultural contexts.
12. The more you know about the elements of music the more you will APPRECIATE the experience of listening to classical music.
13. Listening to music is much more than just hearing the sounds produced by the DIFFERENT instruments.
14. Listening to music involves listening for the INTERACTION of all the musical elements.
15. Hearing is just being aware that sounds do exist, but you are NOT really engaged in the listening EXPERIENCE.
16. The music listening experience becomes EXCITING as the elements of music come ALIVE during a musical performance.
